Safelist Classic

Safelist Classic, our original Safelisting tool, may be used by any resident or guest at any association.

Designed for:

- One-time Safelisters

1. Click the 'Enter Safelisting Console' button from our home page.

5. Enter your contact information and click the 'Submit Contact Information' link.

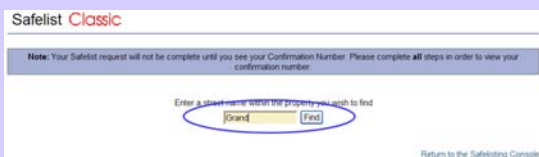

2. Enter the license plate number of the vehicle you wish to Safelist and click the 'Get Started' link.

6. Select the days you wish to Safelist your vehicle for from the Interactive Safelist Calendar, and click the 'Submit Request' button.

3. Enter a street name within your property and click the 'Find' button.

7. Verify your requested days and contact information and click the 'Confirm Safelist Request and Print Confirmation Numbers' button.

4. Select your association from the list.

8. Print the Safelist Confirmation Number(s) and be sure they are displayed on the dashboard of the vehicle, clearly visible from the outside.
